

AI For Profitable Social Media Content Creation: The Resources

Below you will find several resources that I mentioned in *The AI Tactics Volume 4: Using AI For Profitable Social Media Content Creation Workshop*. I've put them in the order I mentioned them in to help you be able to find what you're looking for.

- 1. All Social Media Workshops From LearningIM.com** – All the workshops that I've taught on using various social media networks to get traffic have been put into ONE bundle offer for you. You can see that bundle at <https://learningim.com/the-social-media-workshop-bundle-special>
- 2. Later** – This is the tool I use to schedule and post my social media content to all the different social media networks that I use. <http://www.LizTomey.com/Later>
- 3. Canva** – This is one of the graphic editors and template system that I use to create images for social media. <http://www.Canva.com>
